JOB SUMMARY:

Are you someone who enjoys a career in health care? Island Health is seeking Pharmacy Technicians who want to showcase their knowledge, skills, and abilities in a dynamic, evolving environment. Enjoy great benefits, gain exposure to different and unique practice settings, and of course, soak up Vancouver Island's beautiful landscape your way. Join us and help create healthier and stronger communities on Vancouver Island while doing the activities you love most

Island Health provides health and care services to more than 885,000 people on Vancouver Island, the islands in the Salish Sea and the Johnstone Strait, and mainland communities north of Powell River. With more than 30,000 health care professionals, including more than 3,000 doctors, nurse practitioners midwives and dentists that make up our Medical Staff - as well as 1,000 volunteers, and the dedicated support of 12 foundations and 19 active auxiliaries, Island Health delivers a broad range of health services, including: public health services, primary health care, home and community care, mental health and substance use services, acute care in hospitals, and much more across a huge and geographically diverse region.

Join the team at Island Health and use your exceptional skills to provide quality care for clients in a spectacular region with endless year-round recreational opportunities.

Current and future regular full-time, regular part-time, temporary and casual opportunities for Pharmacy Technicians are available across Vancouver Island in acute and long term care settings.

TYPICAL DUTIES AND RESPONSIBILITIES:

The Pharmacy Technician operates in accordance with the competency guidelines and scope/standards of practice for Pharmacy Technicians as outlined by the College of Pharmacists of British Columbia, and according to organizational policies, procedures, standards and unit specific protocols.

Processes medication orders that are clinically reviewed for therapeutic appropriateness and approved by a Pharmacist. Receives verbal and non-verbal prescriptions from practitioners and ensures that prescriptions are complete and authentic. Prepares, processes and compounds prescriptions. Ensures the accuracy and completeness of dispensed prescriptions prepared by self or others by verifying order entries and/or performing the final check of dispensed prescriptions. Processes prescriptions for temporary inpatient leaves of absence. Transfers prescriptions to and receives prescriptions from other pharmacies. Enters and ensures the accuracy and completeness of drug and personal health information in the Pharmacy information system. Maintains stock levels and performs clerical duties as assigned, and more as per job description for specific department hired to.

QUALIFICATIONS:
