JOB SUMMARY:

Are you someone who has a real passion for serving others? Are you a Registered Nurse looking to showcase your knowledge, skills, and abilities in a new and dynamic environment?

Island Health is an employer that knows our people make the organization. We are the Health Authority for all of Vancouver Island, one of the most livable regions in the world. The South Island is a vibrant urban centre with an abundance of recreational and cultural opportunities. We are the largest employer on Vancouver Island with over 21,500 employees, 1,900 Physician partners and 6,500 volunteers that provide health services to the 765,000 residents of Vancouver Island and adjacent coastal communities.

People make our organization. Health care attracts smart, caring individuals who want to make a difference and help people. No matter what area of health care you are in, our multi-disciplinary team's work together to provide the best care to our patients and residents, At Island Health we believe our values guide our actions and relationships, shaping how we make decision and plan for the future. Our vision is, "Excellent health and care for everyone, everywhere, every time".

Island Health is looking for a patient-focused team players to join their team of compassionate and dedicated nurses who provide care to acutely ill patients in our Critical Care units.

Our Intensive Care units are state of the art, and allow our multidisciplinary teams provide a comprehensive array of intensive care services for complex ventilated medical/surgical patients with multi-system failure. The staffing ratio is 1:1 for ventilated and critically unstable patients. ICU nurses are part of the Code Blue team except for the Cowichan District and West Coast General Hospitals. Continuous Renal Replacement Therapy (CRRT) and organ donor maintenance is available at the Victoria and Nanaimo Hospitals.

The High Acuity units at Royal Jubilee Hospital, Victoria General Hospital and Nanaimo General Hospital act as an intermediate care area between Adult intensive Care and Inpatient Medicine/surgical units. The HAU provides care for adult patients requiring increased monitoring and resuscitation in a multidisciplinary environment. The unit's staffing includes Intensivist and Critical Care Nurses with specialty education training. The nurse to patient ratio in this unit is 1:2.
